They Made Some Headway

The Dominion-provincial conference ended
in a more hopeful atmosphere than it began.
Even Premier Brown, who originally had been
"much closer together" than they were
when the discussions opened. Five of the nine
provincial Premiers met that some advance
was made toward agreeing, and none of
the other four deny it.

This is all the "progress report" the
country is to get. The conference are to keep
silence on the revised federal proposals,
which apparently cleared away some of the
obstacles. They will meet again in April, and
it is rather confidently predicted that a bar-
gain will then be struck.

The provincial legislatures will by that
time have completed their regular sessions,
and parliament will be sitting again. This
seems to mean that, if an agreement is reached,
the new financial arrangements will not
come into effect until next year at the
earliest.

The "League" on Trial

Secretary-General Lile did not have to
wait long for a test of his capacity as a con-
ciliator. It was waiting for him when he was
elected.

The disagreement was set in train when
the government of Iran lodged a protest with
the UN Assembly that Russia was supporting
a revolt in its province of Azerbaijan.
Russia followed by protesting through the
Ukraine delegates, that peace was threatened
by the presence of British troops in
Greece.

Then the protesting government of Iran
resigned, or was ousted, and its place taken
by another cabinet which agreed to settle
the dispute with Russia by direct negotia-
tion. The Greek government, which had
peace was endangered by the British forces
in that country, said they were there with its
consent and were not interfering in its
affairs.

Then came the exchange between M. Vish-
insky and Mr. Bevin in the Security Council,
which left nobody in doubt that the Organi-
zation is confronting a major crisis.
The very plain fact, after long and im-
pulsive had better be passed over.

The immediate question is to world
peace, but to the prestige of the United
Nations Organization itself. It is on trial,
with people everywhere hoping that it will
function as an inter-peace clearing house,
but none too confident that it will. The split
in the Security Council is by no means re-
pairing. Any "gambit" which is made
either the Council or the Assembly would go
far to destroy public confidence in the work-
ability of the new "League".

130,000,000 Lives at Stake

The Assembly of the United Nations has
called on all member states to contribute to
the Rehabilitation Administration to contribute
one per cent of their national incomes to the
needs of this welfare organization. A similar
contribution was made by the United States
for the relief work, UNRRA officials have
warned that the treasury was running low
and must be replenished if the operations were
not to break down.

There are said to be 130,000,000 people
in Europe who will face starvation if this
international help is not forthcoming. The
United Nations is now in a position to
distribute to the needy in the ratio of some
pound less than 100 calories per day, which
means no better than a bare subsistence al-
lowance.

"Starvation," it is evident, was used in the
Assembly discussion in the United Nations in a
figurative, sense, it means that unless sup-
plies are kept moving to them this great
multitude will die of hunger. They are now
getting only about one-third of what they need.
The UNRRA is the only source to which they
can look, even for a continuance of this pitiful
ration.

This is why Canada is to be asked to
contribute again at the rate of one dollar
for each hundred earned by all the people in
the country. It can be done. The effort does
not require the contribution be more cheerfully
made. The levy is substantial, but the purpose
is not optional.

Well Over

The upshot of the shufflings at Paris is
that De Gaulle is out of public life and
Gouin is the new President of the republic.

That may, or may not, have been the
object. Gouin could be supposed to have
same three parties which put De Gaulle
power. The chance for stability depends on
whether or not the new President will be more
tactful than De Gaulle. The effort does
not require the contribution be more cheerfully
made. The levy is substantial, but the purpose
is not optional.

The new President is in agreement with
the supporting groups on the question of
what to do with the army in France.

issue with De Gaulle and the Commun-
ists and Socialists were at odds. Also he is
content with the present scope of the pre-
sidential powers.

On this basis the new government should
be able to bridge the gap until the general
elections are held. In the interval a new con-
stitution is to be drafted, in which the
powers of the president will be defined.

It is of some importance that the world that
the crisis at Paris was so quickly passed.
For France or any other of the great powers
to fall into a state of feudism and indecision
at this time would be disastrous. Their uni-
fied strength is needed to establish the safe-
guards of peace.

The Bluesone, the Nova Scotia schooner
which won five international competitions
against the fastest craft of her type turned
up in United States waters, is no more.
She sank off the coast of Haiti, in the prosaic
business of carrying freight. The one bright
feature of the memory-stirring incident is
that all the crew were saved.

The franc is worth something less than
one cent. Its original value was 100 francs
cents. Which means that it is twenty times
as hard now to get a living in France as it
was before invaders twice ravaged the
country and Hitler's economic policies had
diluted the currency. Anyone in Canada who
doesn't dread inflation cannot have given
much thought to the plight of French wage-
earners.

General MacArthur has called on the
Japanese military leaders to list all the Ger-
mans who lived in Japan during the war. If the
reports were half true there was a numerous
army. Nazi military and technical
experts quartered there in wartime and were
joined by a contingent of fugitives
when Hitler's power collapsed. It is probably
the latter group that are being sought.
There were supposed to be some badly
wounded war criminals among them.

The battle of Rio de la Plata is recalled
by the news that fourteen crew members of
the Graf Spee escaped a couple of weeks ago
from internment after being captured. Another
contingent which made good previously is
also still at large. The meaning
probably is that the Argentine authorities
are getting impatient with the German
guards with doing sentry go over them. It
is more than six years since the Spee was
sunk. The crew went into neutral coun-
try. The Allies are not likely to worry now
if they all get away.

Looking Backward

From The Bulletin Files

1886: 60 Years Ago

Editorial: There is just one man in Canada,
and that is the North West Territories, who by long
experience, by long service, by long loyalty, by
secure and confidence of every known class
and race, and by the fact that his name is known,
and by various positions he has already held,
is thoroughly fitted to discharge the
duties of the position. He is a man of
integrity, of high character, and of high
standing during the next four years—he is as
critical as any man in the country. He is a
man who has been and is now a policy
that shall serve as a standard for the future. It
is hoped that the government will be as
"political" extensions to appoint Col. Jas. F. M.
McNair, the most lieutenant governor and Indian
commissioner.

School Report: The number of days at the
important public school in the city of
Edmonton was 155. The total number of children attending
during the period was 84, of which 48 were boys and
36 girls. The average age of the children attending
school was 9 1/2 years.

Turn of Political Wheel of Fortune

Today in Europe

Brings Erstwhile Foes Together as British Cabinet Ministers and Responsibilities of Office Have Sobering Effect.

By Randolph Churchill

LONDON.—"Love as it is so
beneficent, has and hate, as if it
were never loved." These words
of the French philosopher, Pascal,
such as have been the mainstay
of all prudent, far-sighted politicians.

And the history of the world has
shown that there seldom are
the same enemies expressed in different
politics which cannot be the same
enemies. The world is full of
accidental turn of the wheel of fortune.
In the last Parliament when
Ernest Bevin was Minister of La-
bour in the coalition Government,
his most deadly
and personal enemy was his
nephew—Aneurin Bevan. Today
the French expressed no differ-
ence between Ernest Bevin, great
trade union leader, holding the
French Office of the French
erstwhile foe Aneurin Bevan, coal
ministry, presiding over the Ministry
of Health.

Planned Suez Grab

Darlan Joined With Germans
In Plot to Conquer Empire

By DANIEL DE LUCE

NUERNBERG, Feb. 4.—(AP)—Admiral Jean Darlan joined Hitler in scheming to defeat the British Empire in 1941 and plotted to seize as a Nazi supply base a prospective "Battle of Suez," official records of the German foreign ministry showed today.

The records, assembled by the German government for the Nazi war crimes trial here but not introduced as evidence, indicated that the sharp-tongued admiral was expected to commit Vichy to the Nazi cause by vague promises that France would gain third place in the new world order planned by Hitler and Mussolini.

Darlan, violently anti-British, was assassinated in Algiers Dec. 24, 1940, while he was serving as civil administrator of the Vichy French empire in North Africa.

The German documents at Nuernberg confirmed British charges of Vichy plotting during the crucial spring when the British "Empire lifeline" through the Mediterranean was at its severest. In the first campaign of Field Marshal Erwin Rommel in North Africa, the German lightning war in the Balkans.

But Darlan's plotting backfired. French patriots took Britain on the alert regarding his moves, and the fighting French forces started just one month after Darlan was reported to have signed up with Hitler.

THIS STORY of Darlan's plotting was given by the records. A French German agreement was concluded May 7, 1941 after a heavy French propaganda campaign. The terms of which was that "France is taking a realistic view of the decided for practical collaboration."

"France is taking a realistic view of the decided for practical collaboration." The arrangement between him and Gen. Eisenhower, was criticized as a betrayal of the United Kingdom. It was a subject for a secret session of the house of commons. Darlan's army and navy units could be quickly overwhelmed by naive forces.

A REVOLT in Iraq was planned to demolish the British flank north of the Suez, while Rommel

Adjust Prices of Synthetic Rubber

OTTAWA, Feb. 4.—(CP)—Adjustments in the prices at which the Crown Company, Polymer Corporation, will sell its synthetic rubber, were announced last night by the Minister of Finance.

Effort was made to bring the (Buna-S) synthetic rubber has been reduced from 21.54 to 20.85 cents a pound, delivered at the consumer's plant, while the price of (Gr) (butyl) synthetic rubber has been increased from 17.50 to 20.85 cents a pound.

SALES OF BUNA-S, used in tire casings, footwear and mechanical goods, are much higher than sales of butyl, used chiefly in inner tubes. Thus the increased price for butyl will be substantially offset by the reduction in the Buna-S price, Mr. Howe said.

Mr. Howe said the polymer plant, built at Sarnia, to meet a recent increase, is now producing approximately 6,000,000 pounds of Buna-S and 2,000,000 pounds of butyl rubber monthly.

Legion to Probe Eastern Reports of Pauper-Hero

MONTREAL, Feb. 4.—(CP)—G. Gonthier, president of the Quebec branch of the Canadian Legion, said Saturday he will have Legion authorities here look into the case of an unidentified Victoria Cross winner of the First Great War from British Columbia whose impoverished status was described by Jean Francois Poulin, member of Parliament for Temiscouma.

Mr. Poulin, in an address to the Junior Chamber of Commerce at Granby, Que., Thursday, read a letter from 1914-15 in which the latter told of his complete poverty for a number of years past.

Mr. Gonthier said he was completely surprised, "because British Columbia has one of the most active commands of the Canadian Legion." He suggested that there might be some in the story and said he would have the matter taken up.

Air Ambulance Service Is Started by Saskatchewan

REGINA, Feb. 4.—(CP)—A Saskatchewan health department plane, inaugurating a provincial air ambulance service, left the 100-mile round trip to Lethbridge, northwest of here, Sunday to bring Mrs. Doni Mahoney, 37, to Reg. hospital.

A 20-mile-a-day wind, which had blocked highways with impassable snowdrifts, pushed the non-stop ambulance on the runway on the initial takeoff but once pilot D. Malcolm got away there was no further trouble. He landed in about five minutes from Lethbridge.

The plane, which arrived here Friday after being reconducted to Regina, will be used in air ambulance service. It is marked with large red crosses on under and wings is equipped with two-way radio with a range of 100-200 miles, has a cruising speed of 120 miles and a range of 500. It is licensed to carry seven persons including crew.

CWAC Pipe Band Is Back in Canada After Long Tour

TORONTO, Feb. 4.—(CP)—The Canadian Women's Army Corps pipe band arrived in Toronto early yesterday after a seven-week tour of Europe and six European countries.

Twenty of the 25 girls in the band were from western Canada. They rested at the CWAC depot at suburban Long Branch until Monday when they left for their homes.

The band played in Scotland, England, Holland, Belgium, France and Germany. It was not permitted to enter Berlin, but played for Canadian troops in Wilhelmshaven and Oldenburg in Germany.

Pipe Major Lillian Grant of Victoria said the band received its biggest thrill when it paraded before an estimated 250,000 persons in London and did the V sign march around the Arc de Triomphe.

Fake \$50 Bill Found in East

HALIFAX, Feb. 4.—(CP)—Royal Canadian Mounted Police are investigating a counterfeit \$50 Canadian bill discovered by a bank teller, Don Ferri, of Dartmouth, N.S.

The bill, which was an excellent reproduction, was believed by police to have been printed by the Germans for use in their plans for world domination.

WITH Secretary Jim McColough eligible for honor rating in the ancient order of forecasters, one hundred and ninety rinks—780 curlers—start off on the trophy trail today. And seven draws and 28 sheets of ice mean 196 days during the day, or two for all rinks and a half during the extra.

Jim had been predicting a surprise entry for weeks and early last week would not retreat lower than 180 as an absolute minimum. Friday he said the 175 mark would be passed. And president Maurice Roy was quite happy over the general situation and hinted that the aggregation would have to be pretty sharp around 8 a.m. today.

Of the 128 visiting rinks, it appears that Sid Power of Calgary, winner of the challenge, the King Edward and aggregate a year ago is back with a stout looking team. Sam Yakubchuk of Toronto is back again with just one absentee from his 1945 of Montreal winners. J. H. B. Miller, who took the visitors in 1945 is likely to make it though some of the boys again in the first round.

Notice also that Bert Williams is back in his third round. He is now Leitch's Manville entry, and his son Allan is leading. Eric Thorpe of Toronto, Bert's brother, is out of time out from curling tops to say that Manville Bluebirds will be the first defeat champions in 1955.

The ROAD TO AHEAD

By CAPT. HARPER PROWSE, M.L.A.

THE action taken by the Calgary Branch of the Canadian Legion at a recent meeting should be noted not only by all Legion members, but by all citizens of this province. In effect they took the action necessary to guarantee to landlords in the city that ex-servicemen will not only be good tenants, but will respect legal notice to vacate. If the tenant forces the landlord to take legal action in order to evict an unsatisfactory tenant, then the branch will pay the legal costs of the eviction.

I Saw Today

SOME ACTION OF THIS was necessary in Calgary. There had been practically no response in that city to the Dominion-wide appeal by the department of veterans' affairs to citizens with spare accommodation to "open your homes to a veteran." The reason given was that even under the five-month lease regulations, if a tenant refused to accept legal notice to move and it was necessary to get a court order that landlord would be forced to bear costs which might run well over the \$100 mark.

The discussion which took place, led by property owners groups, left the impression on the public that if they were to open their homes to a veteran they might incur all probability get an unsatisfactory tenant, who would leave until he could be evicted.

Condemn So-Called "Attack" by Hooke

A resolution condemning the remarks made by Hon. A. J. Hooke, provincial minister of economic affairs, in the Calgary Property Owners' Association was passed by members of the Edmonton Home Protective Association at a meeting held in the public library on Friday night.

MR. HOOKE made his attack upon the Calgary association when they said that they would not rent their homes to veterans until the Dominion government lifted the rental and tenure restrictions now in effect.

The resolution stated that "possibly Mr. Hooke has never had to share his home with a disagreeable or dishonest person, veteran or otherwise, nor has he had some one freeloading on his home as a tenant."

Air Force Officer Returns to City

Flying Officer G. M. Fisher, RC AF, arrived in the city on Friday following one year's service in England. He was met at the station by his wife and two sons, Dale and Allan. While in the city they were guests of Mrs. Fisher's parents, Mr. and Mrs. J. H. Fisher, 1000 10th Avenue, P.O. Box 101, near the river, and the family were residents of Sylvan Lake, who will now return there and operate their business as an associate with his father.

Adult Classes Being Attended By 555 Persons

The adult education classes now have a total registration of 555 students following Friday night classes at Garneau school, where 255 persons enrolled. The classes are being held every Monday at Oliver Wednesday at Parkdale and Friday at Garneau. Four more nights of tuition are left for each school out of the series of five. There is also a special handout class being held at Queen Alexandra school on Friday night.

AT GARNEAU on Friday night R. V. Clark gave his opening lecture on atomic research. He traced the progress that has been made on splitting the atom from the time of the ancient Greeks.

"Facts and Fallacies About the Atom Bomb" was the subject chosen for the opening lecture given by Miss Helen McArthur, superintendent of provincial public health nursing branch. Miss McArthur, being assisted in the course by Miss R. Lewis, instructed in the department of agriculture, and Dr. A. Bonnerville, director of communicable diseases.

Miss McArthur stated that 350,000 Canadians who were found unfit for service in the forces, "is a shocking condemnation of our way of living." A questionnaire was filled out by the speaker in an effort to get an idea of what their pupils knew the least about.

OTHERS WHO TOOK part as teachers on Friday night were: Dr. Francis Owen, lecturing on "Language and Culture in Post-War Europe"; Maxwell C. Dewar, on "Home Building and Town Planning"; Vernon Ward on "Music Appreciation"; G. M. Dunlop on "Growing Up"; and Brother Arrian on "Philosophy for the Common Man."

Film will be shown at Garneau east Friday night, but the adult classes will be held as usual, commencing at 8:30 p.m.

THE QUESTION

What do you think of the proposal of the Western Board of Music to expand its activities?

THE ANSWERS

HORACE WILLIAMS, student in music, said he was in favor of the move.

BILL THOMAS, clerk: I think it is a good idea. Parents will feel that they are getting the best of their money.

HAROLD SIMPSON, accountant: It will react beneficially to general education and it will keep a lot of money in the province that otherwise would go out.

Salvation Army Plans Services

Special services in connection with the Salvation Army's winter spiritual campaign will be conducted in Wetaskiwin on Sunday by Reg. Rufus Raymer, "Army" divisional head here, and Mrs. Raymer. Major George Jones will be in the Grande Prairie for the week-end services there.

In Edmonton Maj. and Mrs. I. Halber will conduct the services at the Citadel, Maj. J. Martin will be in charge of the South Side Corps service, while Maj. Harold Martin will lead the Sunday evening service at Alberta Avenue.

Demands For Coal Are Being Met

All distress calls for coal have been met within 24 hours of their being received. W. J. Taylor, Calgary, regional coal allocator for the Dominion fuel controller, stated on his arrival here Monday in the course of a coal supply survey.

He said that strip-mining projects were turning out approximately 4,500 tons daily, this production being in the domestic field and in Saskatchewan and Manitoba with about 1,700 tons weekly being shipped to points in British Columbia.

THE TWO STRIP MINES at Taber and Medicine Hat, Alberta and Brawley turn out 3,000 tons daily, with Camrose and Camrose turning out 500 and 800 tons daily.

He said that all demands for coal are being met, and no point has been reached where there has been actual hardship from lack of coal. Calls of an emergency nature have come from dealers, and not from municipalities, he stated.

Believe Children Deserted by Mother

Two children, believed to have been deserted by their mother, are being cared for at the Good Shepherd Home here. Mrs. Delaguer left her two children, Albert King, 109 Avenue and 120 Street, last Thursday. She told her neighbor that she would return for the children later the same day, but that she has not yet returned.

SATURDAY MR. KING reported the circumstances to city police and a search is now underway for the missing woman. Walter Hunter, city welfare officer, was notified and arranged for the children to be looked after at the Good Shepherd Home.

Women's Branch Of Legion Installs Executive Board

The outstretched hand of friendship to British war brides of Canadian servicemen was urged by Mrs. E. Towers, president of the provincial command of the ladies' auxiliary of the Canadian Legion at installation of the Edmonton auxiliary officers in the Memorial Hall Sunday afternoon.

MRS. TOWERS, who comes from Camrose, was the main speaker of the afternoon.

She told the auxiliary members that readjustment to life in Canada under new conditions is a difficult experience to many of the British wives of Canadian service personnel.

She also urged the members to continue their good work on behalf of the returned man and woman and make certain that rehabilitation becomes a reality.

W. B. McLaren, a past president of Edmonton Legion Branch No. 24, conducted the installation of the officers for 1946, who are as follows:

PRESIDENT, Mrs. W. T. Rice; first vice-president, Mrs. W. G. Patterson; second vice-president, Mrs. Herb Chowne; treasurer, Mrs. G. Bowen; secretary, Mrs. W. McPherson.

Executive board, Mrs. J. G. Gwynne, Mrs. J. E. Eastman, Mrs. L. McPherson, Mrs. G. Coward.

The color party was made up of Mrs. H. Thom and Mrs. J. D. Moore.

Mrs. T. Dobbie is sergeant-at-arms.

PRESIDENT PERCY GOWNEY of Branch No. 24 addressed the meeting briefly and there was a musical program.

Toulson, piano; Mrs. Dobbie, soloist and Shirley Tanner, piano.

Canadian Servicemen's Wives Sail from Britain Tuesday

LONDON, Feb. 4.—(CP)—Lord Abernethy's palladium Mayday ceremony by the Canadian Veterans Bureau, was protested last night with the threat of a mass demonstration by servicemen en route to new housing in the Dominion.

They say they will be sent aboard the Mauretania, the vessel of 7,000 dependents scheduled to move this month. Speeches will carry the word to Liverpool today.

But overheard they were eating and drinking in the mess hall of the South Street manilion, first requisitioned as a Canadian Women's concentration point for Canadian servicemen's families.

They say they will ignore what the facilities provided. Wives and

children and carpeted floors. There were plenty of jammed faces, but no one was leaving the ship by plateaus. Mothers were cheered except when asked about the United Kingdom.

MRS. JESSIE WOOD, of Brighton, said she was leaving in the ship.

Capt. Neil Webb of Edmonton, the father, was commissioned in The Royal Edmonton Regiment, the local division of the Canadian Expeditionary Force.

The Mauretania is the first of a big movement of dependents during February. The hospital ship, *Mauretania*, is scheduled to leave France Feb. 18, the *Seythia* Feb. 23 and the *Aquitania* Feb. 25.

Almost 30,000 wives and mothers of 10,000 children are in the ship.

children died at wooden breast-plates and dead bodies were piled up in beds. Red Cross workers are always on call and there is roast beef and fresh fruit on the tables and a doctor is most often on duty.

THE MAURETANIA is due to reach Halifax, Feb. 11 and from there special trains will carry the passengers to their homes.

Ton was served Sunday afternoon at the big reception room before a cheer firelance and photographer flashed pictures and newspapermen scribbled notes.

After a quick meal, the ship sailed for home.

Cats carry their claws sheathed and keep them from being dulled.

Report 3,607 Men Seeking

Work in City

UNPLACED FEMALE applicants numbered 696.

Pointing out that more than 50 per cent of the men listed as applicants are returned servicemen, who have in many instances just returned from overseas and that a large proportion of the remainder are seasonably unemployed from building trades, Mr. Paterson said

THERE WERE 884 vacant positions for males and 384 for feminine workers unfilled at the same date, "Many of the men listed are not actually looking for work, being builders who do not normally work during winter months. They will be back at work again in the spring. Then there are many returned men who are still looking

fr. Paterson explained.

"As a majority of those listed are drawing either out-of-work benefits or unemployment insurance the condition should not be compared to the distress of the 30's," he added.

Continued from Page Nine

was pushed out by the sheriff, and that even after that they would be made targets for abuse from the Canadian Legion. The public played safe and kept their homes closed.

THE LEGION KINGS, just as everyone else knows, that all veterans are not angels. But they know, too, that most ex-servicemen are perfectly respectable and responsible citizens. Unfortunately the ones who get most of the publicity are the ones nobody is proud of.

Under the plan now adopted by the Calgary Legion, citizens who are willing to provide accommodation for veterans will not only be given the Legion, they will also receive the accommodation to a deserving veteran. As evidence of the good faith the veteran will post with the Legion, a cash deposit. If the veteran proves to be unsatisfactory, or refuses to act on legal notice to vacate and legal proceedings are necessary and successful, then the cash deposit is forfeited to pay the legal costs and the balance of the legal costs will be paid out of a special fund set up by the Legion for this purpose.

THE POINTS OF INTEREST in this arrangement are, first that the veteran stands to lose his cash deposit, and the right to future assistance from the Legion, if he doesn't play the game. This will have the effect of keeping in line the few marauders who make it tough for everybody. The second thing is that the Legion has taken steps to protect veterans as a whole against the irresponsible actions of the unthinking and selfish few. The Legion has offered protection to those public-spirited citizens who are willing to help veterans. The Legion has dragged away from ceremony owners the lever they hoped to use to force the government to recognize the present rental regulations. So long as property owners could argue that it might cost them

money to rent to a veteran, then they at least had an argument. NOW THEY HAVE NO excuse whatever for not renting to a veteran. If they refuse to do so it merely means that they are showing most unfair and unjustified discrimination by boycotting those who made it possible for them to retain possession of their property. The Legion are convinced that it is

Young People Hold Annual Banquet

On Friday, Jan. 25, 1946, McLaughlin Young People held their annual banquet. After the report for the last year had been given, Nellie Weber was re-elected as president for the coming year. For her splendid work in the last year she was presented with a bouquet of flowers by Cliff Hackett, past vice-president. Stan Asselstine was elected vice-president, with Lily Berge secretary, and Hugh Montgomery, treasurer. Honorary president is Dr. A. K. McMillin, and past president Mary Magee.

OFFICERS to look after the varied activities of this organization for the coming year include: song leaders, Eva Salto and Marion won't come out one out of the hundred set up by the organization to see that veteran tenants remain good tenants and they will. They know too, that even up until the present, the number who weren't good tenants was a very small one.

MUSLIN EVENT

Monday was a gala day in EATON'S Yard Goods Department! For those who are in the mood for more yards of Spring, will be on the counters, Tuesday morning at 11 o'clock. It is said that fashion begins with fabric. Look over these fine examples! Be brilliant, tailor your own clothes and those for your daughter for Spring.

Flower Prints
Big, color-splashed flowers dance on soft pastel grounds to make this a delightful Spring and Summer print! Cotton and rayon fabric, easy to wash, about 38" wide. You can use a Holly-wood pattern! YARD, 59c

Sanforized Chambray
Excellent value in cotton and rayon chambray—a material noted for its wearing qualities! Blue, sand and grey, about 36" wide—it's sanforized! YARD, 59c

American Cottons
Small patterns, large patterns—there's a wide choice of each in bright colors laid on pastel grounds! About 36" wide... YARD, 69c

COTTON PLAIDS
Fresh, snappy cotton plaids in many color combinations! Use a Butterick pattern! About 36" wide... YARD, 69c

BUTCHER LINEN
A rayon and cotton fabric of Today, spun rayon with linen-like finish! In green, gold, peach, white, pink, turquoise, yellow and blue. About 38" wide... YARD, 89c

EVERFAST COTTONS
Seersucker, waffle weaves, flower prints, checks, all included in this group of easy-to-laundry cottons! About 36" wide. Choose a McColl pattern... YARD, \$1.00

PRINTED SHEERS
Fascinatingly dainty—rayon sheer in soft and dark tones with all over flower patterns. About 38" wide. This calls for a Vogue pattern!... YARD, \$1.29

Popular Patterns
By Butterick, Hollywood, McColl, Simplicity and Vogue, await you at EATON'S! Be it dress, suit, coat or sportswear, you'll find one here to please you.

Buttons, Buckles
Of your choice will be covered expertly with the materials that you purchase for your new Spring clothes. Moderate charges.
